

Memorandum #08-11

To: Al Viereck, Interim City Manager
From: Johns Jonas, Utility Director
Subject: Bid Recommendation – ANNUAL SUPPLY OF WATER METERS for 2008
Date: January 17, 2008

Three (3) suppliers submitted bids on January 15 for the annual supply of water meters as summarized on the attached bid tabulation. The prices for the 3/4" and 1" are in line with what the City has had in the past. The 2" and larger meters have seen a substantial increase. At the present time, the Water Department uses 350 to 400 new meters annually between new construction and meter replacement. Sixty-five thousand dollars (\$65,000) is budgeted in 2008 for meters and radio frequency meter interface units.

It is recommended that the bid be awarded to the low bidders as shown below:
