

**TO:** Mayor and City Commissioners  
**FROM:** Doug Russell, City Manager   
**RE:** Stimulus Package  
**DATE:** February 19, 2009

In light of the recent passage of the Economic Stimulus package, we have placed this as a discussion item to review where we are currently at, and where we anticipate programming to go.

Previously, the City of Yankton received a letter from the State of South Dakota requesting projects for potential inclusion in a stimulus package. The projects that would be considered would be those that could be bid out in a 90 day time-span and are also part of the Federal Aid System.

Staff put together a list of all our projects that could meet the requirements of that letter. We tried using the CIP plan as a guide to include criteria matching projects. We also included several off system projects assuming there would be other potential opportunities.

It appears that most of the funding will come through existing State programs. As of this memo date, we have yet to hear the exact distribution plans.
