Three bids were received for wastewater and water sludge removal on April 15, 2009. This is an annual contract to dispose of wastewater liquid sludge and water caked lime sludge. The bids received are listed below:

Contractor	Wastewater Treatment Plant Liquid Sludge Per Gallon	Water Treatment Plant Caked Lime Sludge Per Ton

(Gray background denotes low bid.)

The wastewater liquid sludge 2009 bid is \$.0003 cents per gallon lower than the 2008 bid which was \$.02748 per gallon. The water caked sludge bid for 2009 is \$1.03 per ton higher than the 2008 bid which was \$4.12 per ton. With the unit prices stated, it is anticipated that the total expenditure for the Wastewater Treatment Plant liquid sludge will be approximately \$54,360 and approximately \$15,000 will be spent for Water Treatment Plant caked lime disposal.

The recommendation of City staff is to award the low bid for wastewater liquid sludge to Willard Schmidt of Yankton, South Dakota, at \$.02718 per gallon. It is also the recommendation of City Staff to award the low bid for water caked lime sludge to Willard Schmidt of Yankton, South Dakota, at \$5.15 per ton as stated in this Memorandum #09-74. They are the low and responsive bidders.

Respectfully submitted,

Kyle Goodmanson,
