

**Memorandum No. 09-104**

**TO: Mayor and City Commissioners**  
**FROM: Doug Russell, City Manager DR**  
**RE: Request for flags on Discovery Bridge**  
**DATE: June 4, 2009**

Members of the Discovery Bridge Committee have requested placing flags on the Discovery Bridge (the standards were installed during construction) from Memorial Day through Labor Day.

As we do not own the structure or roadway, we would need to submit a permit to occupy the right-of-way from the State of South Dakota and a banner permit from the State of Nebraska should the governing body desire and request this addition to the Discovery Bridge.

Members of the Discovery Bridge Committee will be in attendance to present this request to the governing body.

**Recommendation: It is recommended that the governing body hear and discuss the request and direct staff accordingly.**
