Three bids were received for wastewater and water sludge removal on August 11, 2010. This is an annual contract to dispose of wastewater liquid sludge and water caked lime sludge. The bids received are listed below:

(Gray background denotes low bid.)

The wastewater liquid sludge 2010 bid is \$.00268 cents per gallon lower than the 2009 bid which was \$.02718 per gallon. The water caked sludge bid for 2010 is \$0.10 per ton higher than the 2009 bid which was \$5.15 per ton. With the unit prices stated, it is anticipated that the total expenditure for the Wastewater Treatment Plant liquid sludge will be approximately \$54,360 and approximately \$15,000 will be spent for Water Treatment Plant caked lime disposal.

The recommendation of City staff is to award the low bid for wastewater liquid sludge to Manning Custom Applicators of Des Moines, Iowa, at \$.0245 per gallon. It is also the recommendation of City Staff to award the low bid for water caked lime sludge to Oak Plains of Fairview, South Dakota, at \$5.25 per ton as stated in this Memorandum #10-147. They are the low and responsive bidders.

Respectfully submitted,

Kyle Goodmanson,
Director of Environmental Services
